WORKSHOPS

UACT would like to keep all our members up to date with current information. Please visit conejoteachers.com to let us know which form of social media you use!

LCAP

The LCAP is what our district uses to determine the priorities of what programs to keep, and where to spend the district's budget. We are currently in the process of creating the latest version of that which will be our main focus for 2024-2027. UACT is looking for feedback on the LCAP and would like your help.

WARNING: This is not a fun document to read. BUT if you want to have a say in the direction our district takes, this is the time to get involved. We have been charged with reading Goal 1 (Pages 19-38) and determining what we think is important to keep and what can be taken out. The document was sent in an email November 29th, so you can download and view the appropriate pages. Any input you have will be helpful.
